

2020 Elections Voter Eligibility Criteria for Individual and Club Director Positions

This document describes the USAC voter eligibility criteria used by the NGC to confirm registered USAC individual members and registered USAC club members who are deemed eligible to vote in the 2020 USAC elections. The eligibility criteria is based on the USAC Constitution and additional USAC-imposed membership requirements, as permitted by the Constitution, as well as USAC-sponsored Membership-approved Board resolutions that apply to the 2020 elections. The NGC has additionally sought clarification and guidance when needed from the USAC Counsel and the USAC Board.

The membership information used to determine eligibility is the individual member and club member data as it existed on 9/19/2021. The club nominee information (which was not part of that data) was separately collected by the USAC through 3/9/2022 except for any NGC allowed changes to the nominee information that were subsequently made.

Note that the highlighted parts of the eligibility criteria are USAC imposed requirements as permitted in the Constitution for these elections.
